COURSE GUIDE

LEOPARD CREEK  
**WELCOME**

Leopard Creek has grown out of the vision of a banker and skills and expertise of one of the world's greatest golfers. It is founded on the value of friendship, a common love of the game of golf and a shared reverence for nature.

Drawing form the intricate wealth of nature, Leopard Creek is an unobtrusive part of that environment - blending, complementing and enhancing.

**A GIFT TO NATURE**

## LEOPARD CREEK

# THE COURSE

Innovative architectural and landscaping techniques ensure that the Leopard Creek golf course and living areas are naturally protected from animals, while lakes and small streams have been diverted through the development to create scenic vistas and interesting golf strategies.

Golfing hazards take on a new dimension at Leopard Creek, for much of the water is home to the magnificent creatures for which the river is named, crocodiles. Sightings of crocodile, hippo, antelope, buffalo and elephant are commonplace, on the course or in the Kruger Park bordering the course.

The 13th hole is one of the most memorable with the green right on the edge of the river but 32 meters above the level of the water, offering magnificent views up the river and into the Kruger Park.

All distances are measured in **METERS** to the **FRONT** of the green.

29

These figures indicate the depth of green from the front edge

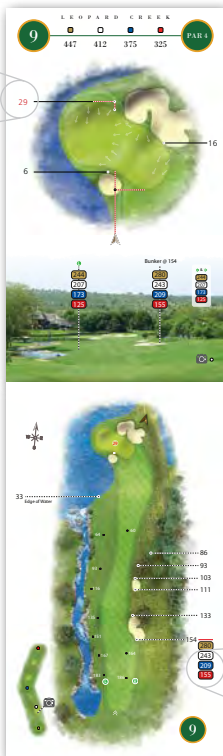

Direction of next tee

33 Edge

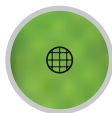

Black numbers are measured to the front of the green

93

Represents location of sprinkler heads

Arrows show the general slopes and falls on and off the green

Indicates the location of drains

Left & Right indicate the left side and right side of the fairway at the distances shown on the main illustration from each tee

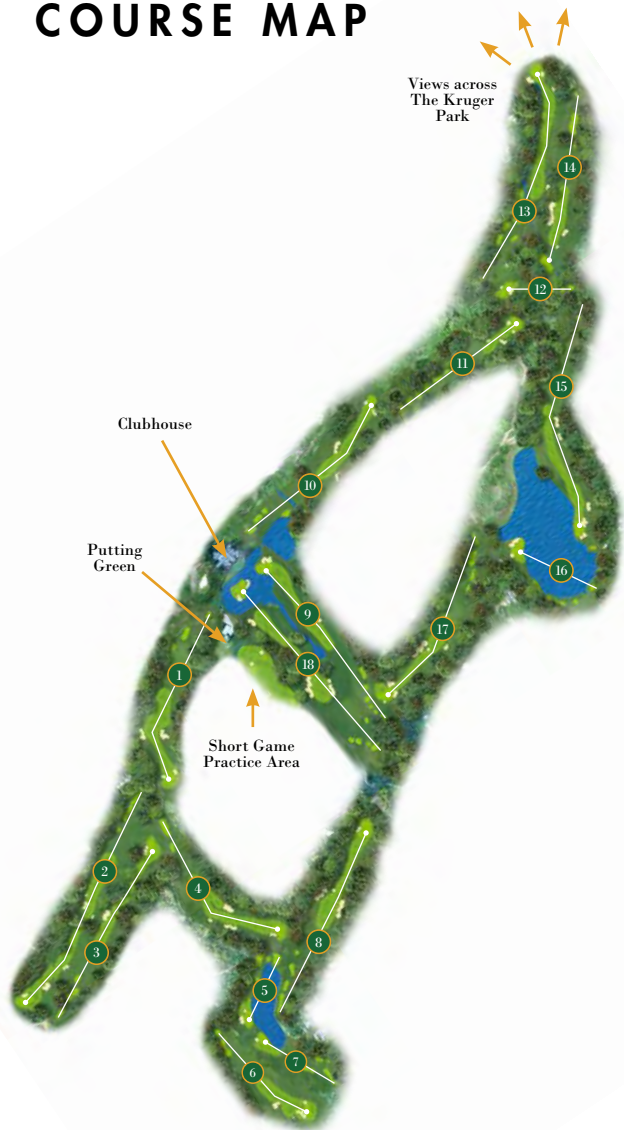

280

243

209

Driving distance from each tee position
